The Art of Cuisine experience is about inspiration, relaxation, entertainment and fun. You could say our venue is our secret ingredient. Located in Green Island and out of the hustle and bustle, you'll be surprised when you find us.

Venture inside and you'll find the perfect place to sit back and relax by the cosy fireplace. During the warmer months our outdoor area, hidden away from the street and overlooking a stream, provides an idyllic setting. And it's not just our guests who love the venue; our chefs are in heaven in the newly fitted kitchen complete with leading edge equipment.

Art of Cuisine host a range of themed events and our chefs will demonstrate everything from rolling sushi and baking cupcakes to mastering the art of the perfectly seared steak. Bring your partner, gather a group of friends or come alone and enjoy meeting like-minded food lovers.
